Note: All Questions are Compulsory :

1. Explain with reference to the context: (8)

You'll have to get money today some place. I can't do it all and I won't do it all . You've got to come to your senses. You've got to beg, borrow or steal it somewhere. But where, I'd like to know ? You're too proud to beg , and you've borrowed the limit, and you haven't the nerve to steal.

Let me put it this way. We live today in one world. We are all human, even the communists. Yet we are all divided and unhappy. What is the chief cause of division and unhappiness ? Thinking, If we discourage thought, we shall decrease unhappiness.

5. (a) Translate into English: (6)

पुस्तकें महान नियामक हैं। जब दुखों के बादल जीवन को अंधकारमय कर देते हैं तो ये एक सच्चे मित्र की भाँति मीठे शब्दों में ढाढस बधाती हैं। यह हमारा उत्साह बढ़ाती हैं और पुरुषार्थ और दृढ़ता से कठिनाइयों पर काबू पाने का पाठ पढ़ाती हैं। यह मनुष्य की हजारों वर्षों की बुद्धिमत्ता और अनुभव का निचोड़ हैं। मनुष्य की सबसे कीमती सम्पत्ति हैं। यह भी सत्य है कि सभी पुस्तकें अच्छी नहीं होती इसलिए पुस्तकों के चुनाव में विवेक से काम लेना चाहिए।

(b) Translate into Hindi: (6)

People are increasingly feeling insecure may one be rich or poor, great or small, man or woman, one has the same sense of insecurity today. This situation has forced us to rethink about the nature and existence of our society. People have become indifferent and insensitive towards society. So long as the people do not share in the security, we can not have a stable society. That's why we see revolution after revolution in the history of the world. Doesn't this ever increasing sense of insecurity today points to that fact of history.

(For non-Hindi speaking/ Foreign students)

Make a precis of the passage and assign a suitable title:

The great advantage of early rising is the good start it gives us in our day. The early riser finishes a large amount of work before the other people get out of beds. In the early morning, the mind is fresh, there are less sounds and other distractions, so the work done at this time is generally well done. One has time to take exercise in the fresh morning air and this exercise supplies him with a fund of energy that last until the evening. By beginning so early he knows that he has plenty of time to do thoroughly all the work and is not tempted to hurry over any part of it. All this work being finished in good time, he has a long interval of rest in the evening. He gets to sleep sufficient hours before midnight, at the time when sleep is most refreshing, and after

a sound sleep, rises early next morning in good health and spirits for the labours of the next day. The life of an early riser is far more conducive to health than that of the man who shortens his waking hours by rising late and have little leisure for necessary rest during the course of the day.
